Conspiracy is a 2001 BBC/HBO film which dramatizes the 1942 Wannsee Conference. The film delves into the psychology of Nazi officials involved in the "Final Solution of the Jewish Question" during World War II. Mary Farrell will be presenting the movie and referring to the unconscious reasons for the reduction of other members of the human race to subhuman animals and attributing them with crafty rat-like qualities which need to be exterminated.

Mary Farrell is an intersubjective psychodynamic psychotherapist working in private practice in Titirangi and Mt Eden, Auckland. She studied Theatre and Fine Art for her first degree and worked as a theatre director in the UK for 17 years before training to become a psychotherapist in 1990. In the UK, she worked for the British Law Society, directing the Counselling Service at the Chester College of Law until she emigrated to New Zealand with her family in 1995.

Her passion lies in tracing the links between psychotherapy, theatre, film, literature and art. Her book "Acts of Trust – Making sense of risk, trust and betrayal in our Relationships" was published by Exisle in 2005, and she has given several illustrated papers to NZAP conferences, branch meetings, forums and at Elam Art School.

Wine & cheese will follow the discussion.
