---

## TRAINING 2021

The New Zealand Institute of Psychotherapy (NZIPP) offers a three-year training program in Psychoanalytic Psychotherapy as a pathway to full membership of the Institute. The training requirements are in line with the training standards set by the Psychoanalytic Psychotherapy Association of Australasia (PPAA), of which NZIPP has been a Member Organisation since 1999. Infant Observation will also be offered in 2021 and it can be taken together with the full training or separately as a stand-alone course. The training will be via a combination of ZOOM and personal workshops.

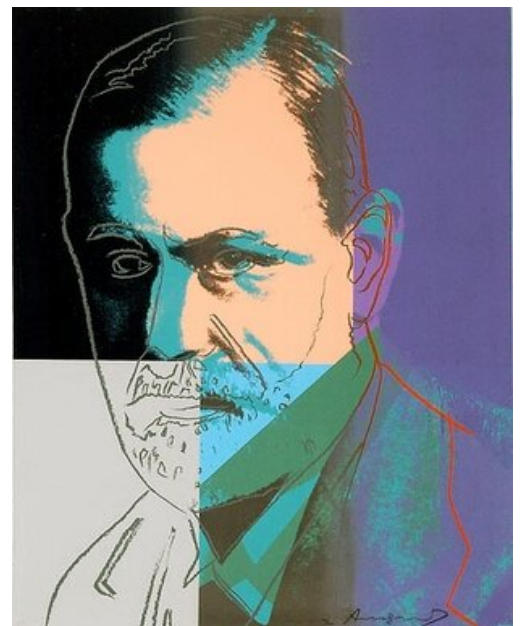

### PREREQUISITS

Prospective candidates must have a current New Zealand professional registration and training in the mental health field. Selection will be by individual interview.

### COMPONENTS

The programme consists of four interconnected components:

1. A theoretical programme with clinical seminars and workshops.
2. Weekly individual clinical supervision.
3. Personal twice weekly psychoanalytic psychotherapy.
4. The completion and presentation of two training cases.

### COST

Full training: \$ 2500

Infant Observation: \$ 650

Both: \$ 3000

### APPLICATION

Deadline is 28 February 2021.
